

Why a Face Shield?

- Removable Foam Headpiece and Plastic Shield **can be disinfected separately and easily**. Adjustable Velcro™ head strap fits most head sizes.
- Covers the entire face and prevents face touching. Plastic material is crystal clear and blocks droplets and liquids. Easily fit glasses, goggles and mask underneath the EMS17 Face Shield. Comfortable, lightweight materials.

Ventilated grey foam headpiece prevents inner fogging and moisture

Available in 6 colors:

White or Black strap - based on availability.

Experts say Face Shields are more effective than masks in protecting the wearer from viral infection.
